

Product data sheet

Information

Designation	Two-wall corner grab bar, White Epoxy-coated Aluminium, tube Ø 30 mm
Reference	049330

Product advantages

- + Make stepping into or out of the shower easier.
- + Possible to fit it "to the right" or "to the left".
- + Concealed fixings.
- + Corrosion resistant warranty.

Description

White epoxy-coated aluminium tube Ø 30 mm. 90° angled. White epoxy-coated resin flanges and cover plates.
3 concealed fixing points.
Screws included.

Technical characteristics

Finish	Epoxy-coated
Color	White
Dimensions	750 x 750 mm
Diameter Ø	30 mm
Material	Aluminum
Gross weight	1.350 kg
Packaging	Printed plastic protection bag
Laboratory tests	225 kg
Made in France	yes

Maintenance	yes
Guarantee	10 years
Gencod	3563390493304
Custom code	7615200000
Technical sheet	A49130137_IND_08

Fixing and maintenance advices

Recommended height for the horizontal part : 800 mm from the ground. Grab bars provide support and added safety if properly fitted in accordance with our technical instructions. Careful consideration and selection of the appropriate wall fixings according to the wall-mounted support is required to ensure the long life of your accessory. The use of stainless steel screws (Ø 4 mm) is highly recommended to prevent corrosion in damp environment. Before drilling, physically hold the product against the wall at desired position and mark the hole locations. All the fixing points must be respected. After installation and before use, make sure that all fixing screws are tightened securely. DO NOT use the grab bar as a step. DO NOT sit on or hang from the grab bar.
