

Product data sheet

Information

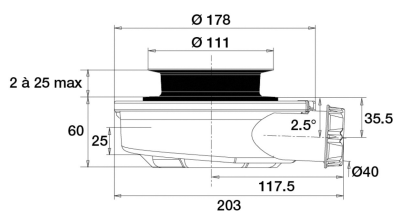

Designation	Extra-flat drain for shower tray
Reference	801911

Description

Ø 90 mm extra-flat, high-flow strainer for simplified installation and high-performance drainage.

44L/min for a height of only 60 mm. Stainless steel cover diameter 115 mm, height 60 mm, horizontal outlet diameter 40 mm, screw-on or glue-on.

The technology allows cleaning under pressure. This means you can clean the entire drain quickly by simply connecting the handshower hose to the water pipe.

Technical characteristics
