

FITÉO FLEX - CONFIGURATION NICHE

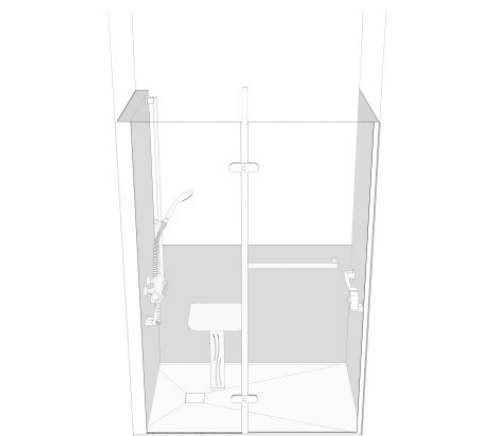

802382

PRODUCT DESCRIPTION

Replace your bathtub with a designer and functional shower!

- Ultra modular: adapts to any type of bathroom
- Quick to assemble: 50% time savings compared to a conventional solution with earthenware installation
- Easy to install: one person is enough to install the Fitéo Flex solution
- PRM compatible: accessory packs designed to ensure the comfort and safety of people with reduced mobility

The Fitéo Flex configuration of the Niche type is available with a Fitéo tray with a width of 800 or 900 mm and in different lengths: 1200, 1400, 1600 or 1800 mm. The Solidéo panels and the boxes (top or bottom) will allow you to cover the walls of your shower. These elements are recutable, easy to install and waterproof. You have the choice of installing a left or right sliding wall for trays between 1400 and 1800 mm or a left or right hinged door for trays between 1400 and 1600 mm. An accessory pack can be associated with each configuration.
