

TECHNICAL SHEET

ARSIS LIFTING BAR

Anthracite & Chrome

048760

PRODUCT DESCRIPTION

The ARSIS aluminium lift-up bar can be installed in the toilet. It is equipped with the "assisted descent" function for increased comfort.

This bar offers an optimal grip thanks to its 38 x 25 mm elliptical tube.

For more modularity, it can be fixed or removable with the turntable kit sold separately (references 044110 and 044113).

The bracket, fixture covers, flanges and joint are made of polymer.

The installation can be completed by installing a support stand from the same range.
