CORNER T-BAR 2 WALLS ERGOLIFE

White

045360

PRODUCT DESCRIPTION

The ERGOLIFE 2-wall corner T-bar is mainly installed in a shower or bathtub area.

It allows you to cross the step of a tray or the edge of a bathtub, to keep your balance in a standing or sitting position, to get up and to transfer from one support to another.

It offers a soft and warm touch thanks to its nylon coating.

Its elliptical design of 38 x 25 mm guarantees optimal grip and very good ergonomics.

With a distance between the bar and the wall of only 38 mm, its footprint is minimal.

Its uniform, non-porous surface makes maintenance easy. This bar is available with or without bases.

The 8 attachment points of the version with bases simplify installation.

The version without bases, with a single-point fixing, guarantees optimal hygiene.

This bar includes a pull-out shower holder.

It is reversible and delivered disassembled.

The ERGOLIFE range is ideal for hospitals, nursing homes and retirement homes.
