

SOLIDÉO PANEL

Pierre de Lune

802255

PRODUCT DESCRIPTION

SOLIDÉO aluminium wall panels make it easy, quick and cost-effective to renovate your shower and bathtub spaces.

White/grey double-sided, 6 mm thick, they can be installed directly on a raw wall or on the existing substrate by gluing (PU glue) and require little wall preparation.

Watertightness is guaranteed thanks to the aluminium profiles (sold separately). Lightweight and removable, they are easy to handle and adapt to any type of configuration.

The cutting is dust-free and the installation without mortar glue to guarantee a clean site.

Easy to maintain, SOLIDÉO panels are scratch, impact and UV resistant for increased durability.

They also allow the attachment of accessories (grab bars, shower seat,...) safely and without reinforcements.

They are available in 2 sizes 900 x 2020 mm and 1200 x 2020 mm.

PRODUCT ADVANTAGES
