

TOILET EXTENSION WITH TOILET SEAT

White

047572

PRODUCT DESCRIPTION

The 10 cm high white polypropylene toilet riser has a removable seat that can be adapted to most toilet bowls thanks to the integrated adjustment system.

Easy to install, this extension is the ideal solution for comfortable and safe use of the toilet.

It facilitates sit-stand transfers by raising the seat by several centimeters.

The effort required to get back on their feet is therefore less important.

PRODUCT ADVANTAGES

EASY TO INSTALL

LIFT-OFF TOILET SEAT

ADJUSTABLE
