PRODUCT DESCRIPTION

The CHERBOURG washbasin countertop is an ideal piece of equipment for laundry rooms with its offset washbasin. Available in two configurations: washbasin on the left or right (420 x 400 mm), it allows you to adapt the location of the washing machine under the top. It is made of composite material, a mixture of marble powder and synthetic resin (meeting the NF EN 14688 standard). Its smooth, non-porous Gel-Coat coating ensures ease of cleaning and resistance to scratches and temperatures up to 95°. This washbasin is available with or without an overflow and can be delivered with a hole in the centre for the taps or without a hole according to your preferences (to be defined when ordering). It is sold without taps or drain drains, giving you the freedom to choose the accessories that suit your needs and style.
