

WASHBASIN PLAN HOSSEGOR

White

052615

PRODUCT DESCRIPTION

The HOSSEGOR washbasin is an angled piece of equipment adapted for people with reduced mobility (PRM) ideal for shared spaces, combining design and functionality. Its offset design offers better access to the basin while optimizing space. It is made of composite material, a mixture of marble powder and synthetic resin (meeting the NF EN 14688 standard). Its smooth, non-porous Gel-Coat coating ensures ease of cleaning and resistance to scratches and temperatures up to 95°. It is equipped with a front skirt and a splash guard. This washbasin is available with or without overflow and can be delivered with a hole in the centre, right or left for the taps or without a hole, depending on your preferences (to be defined when ordering). It is sold without taps or drain drains, giving you the freedom to choose the accessories that suit your needs and style.

PRODUCT ADVANTAGES

EASY TO CLEAN

PRM COMPLIANCE
